- Fri 8<sup>th</sup> – 4Y hosting assembly
- Tue 26<sup>th</sup> – Year 2 band try out
- Wed 27<sup>th</sup> – P&C meeting, 7pm in the staffroom
- Wed 27<sup>th</sup> – Understanding our Enrichment classes parent session, 2:30pm in the library

Dear parents and carers,

Last weekend our P&C hosted the **1950s Bash** which was a roaring success. There were so many dedicated parents that volunteered their time to ensure that the night was seamless. I would like to extend my thanks to the Year 1 and 2 Bash Committee who managed to sell over 200 tickets for the night and sourced all of the prizes that helped raise over \$20 000.

Last week Tonere G and Elliette M competed at the **state athletics carnival**. As the track events were streamed live on YouTube, both Elliette's classmates and I were able to cheer her on. They both competed incredibly well and should be proud of their achievements.

Next Wednesday morning we have our final **Kindergarten Transition Day**. It is a tradition that the current Kindergarten parents host the morning tea on the day. I would certainly appreciate any keen bakers in our community to help out by providing something delicious. If you can help with the set up or pack down could you please let Miss Owen know.

The **Pick-Up Zone** always runs smoothly when your child's name is clearly displayed on your passenger

visor. Please use the link below if you would like us to create a laminated label for you.

<https://forms.gle/CqchDJtGHmyD8Q1d6>

I have noticed that the **Traffic and Highway Patrol have been targeting Wellington Street**, particularly our Pick-Up Zone. Please be reminded that you can only stop for a maximum of two minutes in the Pick-Up Zone and if you are blocking the traffic flow on Wellington Street because you are trying to enter the Pick-Up queue, this is considered to be double parking and this is an offence. I've been told that the officers are using a cameras to identify any vehicles who are not abiding by the road rules and fines are being sent out in the mail.

Wednesday the 27<sup>th</sup> November we are inviting any interested parents to attend a session on **Understanding our Enrichment classes**. The session will start at 2:30pm in the Library and will run for approximately 30mins. This is an opportunity for you to hear about the process we go through each year to form these classes.

Acting Principal  
Mrs Olivia Parry

**Sustainability Segment**

What are we doing at BPS to make our school a more sustainable place?

"We put our food scraps in the compost and then take it to the garden. This is to make healthy soil to grow vegetables in."

**P&C NEWS****BPS 1950's Bash**

The BPS 1950s BASH was last Saturday night – what a fab night it was!

Australian  
Childhood Anxiety  
TREATMENT STUDY

Free home-based  
assessment and treatment for  
7 to 12 year old children with  
fear and anxiety disorders.

Does your child become very afraid of certain  
situations or objects, worry about a lot of things,  
get very distressed, or try to avoid things they fear?

#### About the study

Our team at Griffith University may be able to assist  
you. We are conducting a nationwide study that  
includes the following services at no cost to families:

- A thorough assessment of your child's anxiety with  
a trained psychologist via the telephone;
- Your child receiving one of two kinds of home-  
based treatments delivered on a PC, laptop or  
tablet; and
- Two follow-up telephone assessments with a  
trained psychologist 6- and 12-months after  
treatment to track your child's progress.

The study aims to find out if these two treatments are  
as effective as each other, and which children have  
the best response to each kind of treatment. This will  
mean that there are more evidence-based treatments  
available for helping anxious children.

#### About the treatments

Each treatment involves your child completing  
treatment sessions at home on a PC, laptop or tablet.

Each treatment involves your child learning practical  
strategies to better manage anxiety.

- One treatment helps children learn to control the  
focus of their attention on helpful things around them.
- The other treatment helps children learn to think  
differently and approach things they fear.

Each treatment includes information, telephone or  
email support for parents in assisting their child to  
better manage anxiety.

Prior studies have shown that children who complete  
each treatment experience significant reductions  
in anxiety.

This study is being funded by the National Health  
and Medical Research Council and is led by Professor  
Allison Waters and a team of experts in childhood

This research will involve a  
two-part online survey that is  
expected to be completed in  
2019 and in 2020. Each survey will  
take approximately 30 minutes.

Screen time is a popular pastime activity  
in children today. We are interested in  
exploring the effects of parental wellbeing  
and handheld devices (e.g. iPads, tablets,  
mobile phones) on development.

If your child is born between 30/10/2013  
to 28/02/2015 and engages in handheld device  
use, we would like to hear from you!

**YOU WILL GO INTO THE DRAW TO WIN 1 OF 4  
\$100 COLES/MYER GIFT CARDS!!!**
